

Alexandria Gazette.

TUESDAY EVENING, JUNE 20, 1905.

Local Matters.

Sun rises tomorrow at 4:33 and sets 7:29. High water at 10:34 a. m. and 11:09 p. m.

Weather Probabilities.—For this section generally cloudy tonight and Wednesday, with occasional rain; light north to east winds.

Passing of the Hot Wave.

The hot wave of the past few days had its back broken yesterday afternoon by the heavy rain, thunder and lightning which prevailed. During the electrical display lightning struck a tree on the west side of Lee street, between 1st and 2nd, and tore off a limb. As the day waned a refreshing southerly breeze brought joy to all who had recently sweltered under the sun's fierce rays. The solar heat was dangerous yesterday morning, and people whose occupations compelled them to move about the city were at times apprehensive. The welcoming sound of thunder early in the afternoon was a harbinger of temporary relief, at least. It, however, proved to be more than temporary, as during the night the wind changed to the northeast and this morning the temperature had fallen to a point which brought pleasant conditions, although the weather was threatening. The rain of yesterday was local and extended but a short distance outside of Alexandria. It is said that there was no rainfall in Washington, and people living in lower Fairfax who were here today say it extended only about four miles south of this city.

The Silent Passenger.

The remains of the unfortunate Miss Virginia Downer, the circumstances in connection with whose untimely death Sunday night were published in yesterday's Gazette, were placed aboard of the steamer Newport News yesterday evening at 7 o'clock for transportation to Norfolk the home of the deceased. The wharf and the approaches thereto were crowded with both young and old, all of whom were profuse in their expressions of regret at the sad fate which had befallen the young visitor to Alexandria. The body was conveyed to the pier in a hearse in charge of Messrs. John W. Burke, Jr., Arthur H. Bryant, C. S. Taylor Burke and Marshall Jones, who accompanied the remains to the home of the deceased. Excursion steamers, loaded to their gunwales with pleasure-seekers and the music of bands were animating the river at the time, reproducing the scenes of the previous twenty-four hours, when the ill-starred young woman was mingling with the crowd in light-hearted innocence. Amid scenes joyous to others she was yesterday a silent passenger on the Newport News which was conveying her to sorrowing relatives and friends in Norfolk.

Trial of A. A. Lipscomb.

Judge Wright, in Criminal Court No. 1, in Washington, yesterday declined to permit an extended postponement of the trial of Andrew A. Lipscomb, an attorney under an indictment for the embezzlement of \$15,974 of the funds of the Washington Beneficial Endowment Association. Mr. Lipscomb's attorneys had asked for a longer delay, but the court said that the defendant was not at liberty and it was due to the community that he be brought to trial as early as possible. Accordingly, Judge Wright fixed the trial for tomorrow. The trial was to have come yesterday but it was necessary to have a postponement until the date named, because District Attorney Beach, who will prosecute, and Mr. Holmes Conrad, who will defend, are both engaged in the Crawford case.

Official Visitation.

Grand Master Norman Ashby will pay an official visit to Sarepta Lodge, No. 46, I. O. O. F., tonight. Potomac Lodge, No. 38, has been invited to be present. There will be an exemplification of the degree work on the occasion. Grand Master Ashby is a native of Fauquier county, having been born near Markham in 1859. For the past quarter of a century he has been a resident of Culpeper, where he is an active and prominent business man. He is also a Mason and a Knight Templar. He is an enthusiastic Old Fellow and has worked diligently in the interests of that organization ever since his induction into the order, eleven years ago.

Excursions.

The Alexandria Trades Council gave their excursion to River View today. The temperature was pleasant, although conditions were uncertain. The excursion, however, was well patronized. There will be an evening trip of the steamer for the convenience of those who could not go during the day. This will afford an opportunity to many to enjoy a ride on the river at the close of the day. The committee insures all patrons every comfort and attention. The Retail Grocers' Association of Washington will give their excursion tomorrow. The steamer will stop here on all trips up and down. Many from this city purpose patronizing the excursion and all who do are guaranteed a pleasant day's outing.

Baseball.

The Alexandria Baseball League played its post game yesterday on the old fair grounds. The Virginians crossed bats with the Orientals. The game was forfeited to the Virginians 9 to 0, the Orientals failing to have nine signed men on the field at 5:30 sharp. However, the game was ordered played. The score was Virginia, 9; Orientals, 14. Mr. Peter Astyrke umpired and Mr. David Hober was the official score-keeper. About 250 people witnessed the game. A game will be played tomorrow at 5:30 sharp between the Potomacs and the Old Dominion all are invited. The batteries yesterday were Virginia, Gorman and Tenneson; Orientals, Cox and Lyles.

Star of Hope Workers.

Arthur and Nellie Stanton, the Star of Hope Mission Workers, are still busy at work in Alexandria. Several street meetings are held nightly in the most neglected parts of the city, and on Saturday evenings two or three meetings are conducted on King street, which are attended by large gatherings. The sick have been visited and gospel truths have been carried to many homes, heedless of the strain upon the workers from continual open-air work.

The regular monthly meeting of the Board of Police Commissioners will be tomorrow night.

Killed by Trains.

Brakeman A. H. Garrett, of the local freight train of the Southern Railway, was run over and fatally injured yesterday afternoon at Barboursville. The unfortunate man attempted to step on the pilot of an engine as it was moving toward him and, missing his footing, fell on the track. The engine passed over both legs, mangle them in a terrible manner. He was taken to Charlottesville where he died early last night. The deceased was a young man and lived in this city.

Mr. Buck Poston, a well-known carpenter of Loudoun county, was killed by a train at the depot at Round Hill at an early hour Sunday morning. Mr. Poston was standing upon the track when he was struck by the train. He leaves a widow and six children.

Charles Thornton, colored, of this city, was struck and killed by a passing train between Four-mile run and Brickhaven on the Washington-Southern Railway this morning. The remains were brought to this city by Mr. B. Wheatley.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of yesterday:

James Griffin, arrested by Officer Henderson charged with being drunk in the street, was fined \$2.50.

Wash Lockie, arrested by the same officer on a similar charge, was fined \$2.50.

William Earl, arrested by Officer Nicholson charged with disorderly conduct and fighting, forfeited \$5 collateral by failing to appear.

Ernest Mills, arrested by the same officer on a similar charge, was dismissed.

Georgianna Thornton, colored, arrested by Officers Smith and Bettis charged with drunken and disorderly conduct, was fined \$5.

Mary Belmont, arrested by Officer Nicholson charged with harboring minors, was dismissed.

Circuit Court for the County.

[Judge C. E. Nicol presiding.]

Judge Nicol yesterday opened the summer term of the Circuit Court for the county, holding it one week earlier than the usual time, as he expects to leave for Europe on the 30th instant.

The docket was called and cases set. All the cases against the Washington, Alexandria and Mount Vernon Railway, growing out of the recent accident just west of this city, were continued until a special term to be held in September. The criminal cases were then taken up, which will occupy the time of the court for the next few days.

Yesterday Mr. Wright pleaded guilty to the murder of Gus Wilburn and was sentenced to thirteen years in the penitentiary.

Today the trial of John Willis for the murder of William Dean is in progress.

The Electric Railway.

A large force of track men are at work widening the railway embankment across Four Mile run preparatory to building the double track of the electric railway across the run, to connect with the track to Arlington Junction. In order to obtain the earth for the fill a large hill at the Four Mile run station is being cut away. It is expected the track across the run, with the exception of the trestle work, will be completed and in use within the next ten days. It is said that a new schedule, with several new trains, will go into effect this week and the service between this city and Washington will be further improved.

Election Expenses.

Mr. Charles Bendheim, chairman of the city democratic committee, has received a letter from Richmond, asking him to endeavor to have the primary election held in Alexandria at no cost to the candidates. The writer suggests that the judges and clerks of election should serve without pay and the rooms in each ward where the primary is held be secured without rent. Mr. Bendheim has shown the letter to several who have before served at the primaries, but has received little encouragement as to a free primary.

Summer School of Art.

The second session of the Virginia Summer School of Art of the University of Virginia began yesterday and continues till September 9th. Instruction will be given in drawing, painting, illustration, composition and design. The instructors will be Messrs. Rae Sloan Bredin and F. Graham Coates, M. A., artists of national reputation. This school was founded for the purpose of offering to southern students, at a minimum expense, the same advantages to be had at the best northern summer schools.

Council Election.

Under the city law the City Council during the month of July elects the several city officers not elected by the people. This election is generally held at the first meeting in July, the second Tuesday, which this year falls on the 11th. The officers to be elected are: Health officer, two physicians to the poor, chief of fire department, four fire wardens, members of the board of health, keeper of almshouse, two dispensers of medicine, weigher of hay and a police commissioner from the Second ward.

Governor Montague's Speech.

The following was received at this office last Saturday from Houthville, Northumberland county: "Will you kindly send me as many copies of your paper of date on or about May 1st, present year, as you can spare. A friend happened in Alexandria about that time and read your criticism of Gov. Montague's speech. I want to see it. He made one here last Monday that I think must have fallen about as flat as the one in your city."

River Notes.

The steam launch India has been sold by Mr. Norman Moore of this city, to parties in Washington, who will fit her up and use her for pleasure trips on the river this summer.

The monitor Puritan, with the District of Columbia naval militia aboard, arrived in Washington yesterday afternoon. The Puritan took part last week in the mimic war off Fort Monroe.

To Consolidate.

A meeting of the stockholders of the Fidelity Savings and Trust Company of Charlottesville will be held at the office of the company at Charlottesville on the 29th instant to consider the question of consolidating that company with the Virginia Safe Deposit and Trust Corporation of Alexandria.

Personal.

Judge Nicol, of the Circuit Court, will sail for Europe on the 30th to be gone about six weeks.

Among those who received gold medals at the closing exercises of Woodberry Forest School, last week, was Mr. David T. Chalmers, of this city.

On Wednesday evening text Desk Sergeant John T. Mower, of the Eighth precinct police station, Washington, and Miss Mary Lyles, of this city, will be married.

Mrs. Schlichting and her two young children have gone to the country to spend the week.

Miss Rhoda Cooke left today for Alabama, where she will visit her sister, Mrs. Walter Scott Passmore.

Miss Adeline Smith and her sister, Miss Rachel, are visiting in New Glaz, Md.

Miss Alice Reilly is here to attend the Smithers-Reilly nuptials. Owing to the indisposition of Miss Smithers, the reception that was to have taken place this evening had to be called off.

School Census.

Under the State laws a school census is taken in Virginia every five years by the clerks of the respective city, county and district school boards and their assistants. The assessment is taken of those between the ages of seven and twelve years. The census of Alexandria is now being taken, and all citizens should aid the enumerators in securing the information desired. It is important that the name of every person between the ages given above should be listed, for upon the census is the State appropriation made for the support of the public schools.

Property Sales at Quantic.

Messrs. J. B. T. Thornton and J. R. Caton, special commissioners in the chancery suit of Myers, executor, vs. Lansburgh, pending in the Corporation Court of the city of Alexandria, yesterday went to Quantico, Prince William county, and sold 52 acres of land, mostly in lots, for \$4,117.50. Prices ranged from \$25 to \$325 per lot, on some of which there were buildings. Ten acres were sold to the Washington-Southern Railway Company for \$1,000.

The Railway Improvements.

It is now said that the new tracks of the Washington-Southern Railway will not be used for passenger or freight traffic until about the first of August, at which time the new depot will have been completed. It is also said that the temporary ticket office recently erected will not be used. Considerable grading has yet to be done on the new work, and it is believed the new depot building will be ready for use before the tracks shall have been placed in order.

Piles Removed.

The work of removing the piles from the old ferry slip at the foot of King street has been about completed. Most of the piles have been placed upon scows while a number have been put aboard the burned steamer Columbia, which lies in the adjoining dock. Some of these logs have been imbedded in the mud over half a century, or when the old Union and George Page, the first double-end boats to ply on the ferry, were put on the route—in the early fifties.

Death of a Minister.

Rev. Andrew Cather, a retired Methodist minister, died at his home, near Manassas, yesterday afternoon. He deceased was in his 74th year. His remains were forwarded to Philadelphia for interment by Demaine & Son, of this city.

A little son of Mr. W. K. Griffith fell from a window at his parents' residence on Wolfe street, yesterday evening, and sustained serious injuries. He was attended by Dr. Gibson.

Several residents of Fairfax county, who formerly lived in Alexandria, engaged in a fight Saturday night. The origin of the difficulty nor the extent of the injury sustained by the combatants could not be learned.

The funeral of the late William B. Petty took place from his late home on south Fairfax street, yesterday afternoon. Rev. P. P. Phillips, of St. Paul's Church, officiated, and the interment was in the Union Cemetery. The funeral was attended by many of the relatives and friends of the deceased.

Captain Mott Honored.

Captain T. Bentley Mott, the retiring American military attaché in Paris, has received the cross of the Legion of Honor with a letter from former Foreign Minister Delcasse, under whom it was bestowed. Captain Mott's successor, Captain William S. Guignard has arrived in Paris and has taken up his duties, but Captain Mott will remain there until September, when he will serve on the staff of General Adna R. Chaffee, head of the American mission to the French army maneuvers. Capt. Mott is a son of the late Dr. Armistead R. Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors, but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by Gibson & Timberman and W. F.
